### Summary Box

Key product information for our savings accounts

Account name      Help to Buy: ISA				
What is the interest rate?	Balance		AER % (variable)	Tax-free p.a. (variable)
	£1+		2.05%	2.03%
	Interest is calculated daily and paid on the last business day of the month and at account closure. If you choose for interest to be paid into a nominated Ulster Bank account in your name(s), then interest will be paid into that account.			
Can Ulster Bank change the interest rate?	Yes, this rate is variable. It may be changed for any of the reasons set out in Term 9.2 of the Personal banking – terms and conditions Your Savings Account Terms, e.g. to take account of Bank of England base rate changes or changes in the rates paid by other banks. If the rate is going down and your balance is £100 or more, we'll give you at least 14 days' notice. If the rate is going down and your balance is less than £100, we'll inform you before the change or shortly afterwards. If the rate is going up, we'll inform you before the change or shortly afterwards. Term 9.2 also contains details of the notice we'll give you.			
What would the estimated balance be after 12 months based on a £1,200 deposit?	Initial deposit at account opening (month 1)	Monthly deposit (months 2-12)	Balance after 12 months (including monthly deposit over 11 months and the interest earned)	Interest Earned
	£1,200	£100	£2,335.90	£35.90
	£1,200	£200	£3,447.21	£47.21
These are only examples and do not take into account your individual circumstances. They assume that no further deposits or withdrawals are made; there is no change to the interest rate; and any interest earned stays in the account.
