

Commercial Real Estate Services

With a **10%*** market share in your sector, Royal Bank of Scotland Real Estate Finance is a leading provider of property finance in the Commercial Real Estate (CRE) market, working with over 6,000 businesses across this sector.

We provide a wide range of products for the entire Real Estate market from sole traders, and family offices, through to landed estates, PLCs, Real Estate Investment Trusts, and private equity firms. Our services include:

- Tailored guidance and support delivered by a **sector specialist Relationship Manager****.
- **Bespoke funding solutions** for both investment and development loans across both the residential and commercial sectors
- **Lending and strategic support** to aid the transition to sustainable practices
- **Networking opportunities** across our vast network of industry experts and the various events we hold throughout the UK
- **Sector-specific thought leadership** articles and sector insights through Royal Bank Business Insight Hub

We pride ourselves on being an ambitious and progressive lender, but with traditional relationship-led values at the heart of what we do, helping to support sustainable growth in the CRE market.

* Based on Bayes Mid-year 2024 CRE lending report

"The Royal Bank of Scotland REF team have taken the time to visit several of our industrial properties and really understand our business which has enabled them to tailor a funding package that works for us. Their funding has helped our continued growth and because of the strong relationship we have developed with our Relationship Director, and his team over the last few years, we trust the quick response and excellent service we get from them which is why Royal Bank of Scotland is confidently always our first call for any new property funding requirements."

James Rafferty, Director, JWR Holdings Limited.

How we could help you build a more sustainable business

We have been working with the industry and policymakers alike to ease the transition towards more sustainable buildings. From retrofit planning to accessing sustainable products and propositions, we can help guide you through the complexities.

Building Efficiency Assessment Tool

A digital tool for the relationship management team and customer to review and find actionable insights for retrofitting, real estate energy efficiency solutions, and EPC ratings through consultancy and software. The tool works by reviewing the energy efficiency of premises and suggesting tailored solutions.

Reducing energy costs

We understand that volatile energy costs continue to be a challenge. That's why we've partnered with companies to bring you services such as energy usage monitoring, voltage optimisation, solar panels and renewable energy tariffs.
